 ENGAGE

 CERTIFICATION

Gain competence to oversee multiple projects and achieve business goals

PgMP® credential holders oversee the success of a program, grouping related projects together to realize organizational benefits not available if they were managed separately. It's the perfect fit if you define projects, assign project managers and oversee programs

Join the success story like many thousands!

BENEFITS TO ORGANIZATION

- Achieve strategic business goals in an organized manner
- Realize benefit by grouping related projects
- Manage Corporate Governance in a more professional manner
- Groom multiple business leaders within the organization
- Facilitate competence to undertake more projects and programs
- Achieve a consistent system of new or amended policies, standards, and work practices
- Improve control through a framework within which the costs of introducing new infrastructure, standards and quality regimes can be justified, measured and assessed
- Efficiently manage resources by providing a mechanism for project prioritization and project integration
- Effectively respond to strategic initiatives by filling the gap between strategies and projects
